Diversity Survey Win a \$20 Gift Card

Two years ago, the USJ community participated in an online survey to share their views about diversity and inclusiveness on campus. We listened and made changes that reflect how the University of Saint Joseph is committed to ensuring a campus climate that values, respects, incorporates, and affirms the diversity of our students, staff, and faculty. This is the time to assess if the diversity climate has changed in the last two years. The University needs to identify what we are doing well, and also areas where there is room for improvement. This survey is intended to obtain information on important areas of diversity, including: culture, ethnicity, and race; age and ability; sexual and gender expression; socioeconomic status; and religion and spirituality. Your responses will be submitted and tallied anonymously as part of the final report. To express our appreciation for your efforts, at the end of the survey, all participants can access a separate web page and print a 20% coupon for the USJ Bookstore; additionally, all students may enter a drawing to win one of 10 \$20 VISA gift cards; completion of the survey is point eligible for your Jay's Network community. Please complete the survey so that we can use the results as a guide for further enhancing diversity and inclusive excellence on campus. Here is a link to the survey. Please complete the survey as soon as it is convenient for you.
